

Vyond Training agenda

Learners need more than static eLearning. They need attention-grabbing courses to pull them away from life's distractions - and animated video is the perfect way to do just that. In this one-day training course, you will learn how to take your eLearning courses to the next level with Vyond.

Agenda

Module 1: **All about Vyond**

Module 2: **Getting started**

Module 3: **Creating your first video**

Module 4: **Making the most of templates**

Module 5: **Creating characters**

Module 6: **Adding props**

Module 7: **Using text**

Module 8: **Engaging audio**

Module 9: **Customising your content**

Module 10: **Planning your content**

Module 11: **Sharing your videos**

Prerequisites

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces.

The day is interactive and hands-on, therefore, participants are required to bring a laptop with them to training. Please ensure you have a Vyond account before attending training. The free trial has limited functionality and will limit how much you get out of the course.

You will also need to connect to our wireless internet network to access Vyond. Please confirm this with your own IT department prior to attending the course.
